

## TABLEPOINT

Integrated unattended table solutions available today with your current point of sale system.

### SOLUTION

SoftPoint's line of unattended terminals are designed to streamline operations by providing an inexpensive hardware/software combination. With TablePoint, merchants can now have a terminal at each table. Customers can make unattended orders, display the status of their order, call the server, and view their bill straight from the terminal. Merchants also have an option to promote their products as well as sell ads to

their associates to display on TablePoint. Once the in-house or to-go order is completed, SoftPoint will create that order in your Point of Sale system and prompt the service line to prepare it just like it came in from any other mobile source. SoftPoint then allows the user to request their bill on the TablePoint terminal to initiate the payment process.

#### INCREASE SALES

Customers can conveniently order items from their table as they please. Not only does this increase sales but revenue as well.

#### CUSTOMER ENGAGEMENT

Build and promote your brand while engaging with your customers on a whole new level. Provide a faster, more accurate, and more interactive ordering experience.

#### REDUCE LABOR COSTS

With minimum wage on the rise, business owners are always looking to cut down on labor costs. TablePoint allows you to automate the ordering and payment experience while reducing labor costs.

#### PAYMENTS

With TablePoint, customers can request their bill whenever they're ready to pay. They will also have the option to pay directly from the device.

# ENHANCING POINT OF SALES WITH INTEGRATED SOLUTIONS

## ABOUT US

SoftPoint is a cloud based technology company that produces software and services for the hospitality industry. SoftPoint has over 60 applications designed to help manage all aspects of your business.

- ✓ Integrated
- ✓ Patented
- ✓ Easy To Use
- ✓ Secure
- ✓ GDPR Ready
- ✓ Reliable
- ✓ WiFi + 4G
- ✓ P2PE
- ✓ EMV
- ✓ PCI

## SERVICES

SoftPoint offers merchants a customer centric solution to streamline operations and enhance security.

### SECURITY

Secure EMV chip card acceptance and level one PCI compliance.

### EFFICIENCY

Real-Time updates with integrated menus, employee IDs, and tickets.

### RELIABILITY

24/7 U.S. based expert customer support and care.

### CONVENIENCE

On-the-go payment acceptance with built-in ordering capability.

## ADVANTAGES

The technology industry is continually evolving and improving but there is one industry that has remained unaltered by advancements... until now. Currently operated by outdated software, costly legacy systems, unsecure vulnerable environments, and disconnected platforms, the hospitality industry is poised for innovation. That innovation is the brainchild of SoftPoint.

Whether you're a restaurant or retailer, your business needs a seamless and centralized offering that arms you with tools that engage consumers and helps you run your business more efficiently. SoftPoint has created a suite of products that encompass all of the business functions needed in today's world within one simple platform so you can operate at the highest levels without being slowed down by outdated technology.
