

RESTAURANT SUITE OF PRODUCTS

SoftPoint puts at your fingertips all the tools needed to easily run your entire operations from a single technology platform. Our Restaurant Suite was designed for restaurants of all sorts to manage both the front and back of the house. Our Point of Sales product is based on 30 years experienced and has the ease of use and features to seamlessly run your operations.

PROVEN SOFTWARE

Our software is design by operators for operators. Our Restaurant Suite has a combination of features you will find in even the most feature rich systems. Our products have been put to the test to give you piece of mind.

PAYMENT PROCESSING

Integrated into our Point of Sales is our patented DataPoint technology, which allows you to make payments of any types. You will immediately be EMV compliant and reduce your PCI exposure.

HARDWARE PLATFORMS

SoftPoint runs on a variety of hardware platforms. You can use traditional terminals, with printers and cash drawers. You can use also use tablets from either Apple or Android. Some payment devices can also be used a terminal.
